1. SIA Saxony has ordered the state government to prepare reparation plans for the first quarter of 1948 by 1 November. The total for industrial reparations has been set at 518,000,000 RM. This is approximately what the quarterly average has been thus far.
2. The fourth quarter 1947 wood quota has been raised from 100,000 cubic meters to 140,000. This wood is used for building prefabricated houses and for crating. Forty thousand cubic meters have been assigned to the latter purpose, leading German authorities to believe that further dismantling is in the offing.
